

COLTS...SCIENCE...INVESTIGATIONS!

You just entered the school building, and something does not seem right. After meeting with some other students and teachers down the hall, you realize that your school is a crime scene! It is up to you and your teammates to put together the clues and solve the mystery.

Use SCIENCE and TECHNOLOGY to piece together the evidence!

Investigators will spend the day ...

- using technology tools to gather information – iPods, QR codes, web tools, etc.
- applying forensic evidence gathering techniques – handwriting analysis, fingerprinting, etc.
- solving the school mystery and using technology to record & report the days events

Join us for an unforgettable day where science, technology, logic, problem-solving, creativity, and teamwork all come together!
